

FACT SHEET

Elberton Police Explorer's Post 301

- A program for High School Youth
- Learn about Law Enforcement as a Career
- Develop leadership
- Utilize skills learned during special events and competitions.

The Explorer Post is a youth organization to give young adults the chance to learn about the field of law enforcement, and to experience it. Members are given training in basic areas to enable them to assist the Police Officers in their daily duties and in times of emergencies. In order for a member to participate in riding along with a Police Officer, a member needs to be trained in traffic and crowd control, first aid, radio communications, firearms safety, patrol techniques, report writing, and others. Members also expand their training by attending regional and national conferences. These conferences are designed to test the Explorers in practical police response techniques.

For more information call the Elberton Police Department at 706-213-3118.
