(g) Notwithstanding any provision of this Code section to the contrary or any other provisions of law or ordinance to contrary, whenever the city determines that the establishment of a facility of the State of Georgia or of the United States of America, or one of its authorities or other instrumentalities would be of the benefit of the city, by way of providing activities in an area in need of redevelopment, by continuing or enhancing local employment opportunities, or by other means or in other ways, such municipal corporation may sell or grant any of its real or personal property to the state or to any of its authorities or instrumentalities, or to the United States of America, the State of Georgia, or one of its authorities or instrumentalities, and further, may sell or grant such lesser interests, rental agreements, licenses, easements, and other dispositions as it may determine necessary or convenient. (1959 Ga. Laws (Act No. 419), page 3205; Ord. No. 12005, Section 2,8-3-92.

Editor's Note – The term "Code" in this section means 'Charter.'

The zoning regulations may be based upon any one or more of the purposes above described. The city may be divided into such number of zones or districts, and such districts may be of such shape and area, as the Mayor and City Council shall deem best suited to accomplish the purposes of the zoning regulations. In the determination and establishment of districts and regulations, classifications may be based on the nature or character of the trade, industry, profession, or other activity conducted or to be conducted upon the premises; the number of persons, families, or other group units to reside in or use said buildings; the public, quasi-public, or private nature of the use of the premises; or upon any other basis or bases relevant to the promotion of the public health, safety, order, morals, conveniences, prosperity or welfare.

(1907 Ga. Laws (Act No. 283), page 591).

Editor's Note – Certain provisions of this section are no longer operative as gambling is controlled by state statutes and the use of the terms “vulgar and obscene language” has been held to be vague and overbroad and therefore unenforceable by recent U. S. Supreme Court decisions.

Sec. 28. Sunday ordinances.
